"The Coin Machines Merry-Go-Round"

by Bill Gersh

STANDARDIZED PARTS

About two years ago The Cash Box reported that there were a great many coinmen who believed that for post-war manufacturers of similar types of machines should arrange for the standardization of many of the parts used in those machines.

The arguments presented for parts standardization are extremely logical. They would tend to create a much better industry. Such standardization would be of tremendous benefit to every repairman.

It is understood, to begin with, that not all machines can have everyone of their parts standardized. Use of certain parts of specialized fabrication and design causes them to become "individual" machines in their own right. Parts must comply with the overall design, and such parts naturally, cannot be standardized.

The sort of parts, such as on the cabinet of a phonograph, must remain individually designed units. But the inside mechanisms, in general, are more or less similar in most regards. The tubes, amplification units, trays, etc., etc., can be standardized. And by such action eliminate a great many present mechanical headaches for the trade.

The pin game manufacturers should arrange for standardization of a great many of the components they use. The public does not play what is underneath the playing field of a pin game.

But the operator does care what goes on beneath the playing field. If he could transfer parts from one machine to another he would not only save time, effort and money, but because of this very great economy of time and money he could arrange to run larger routes of machines.

In the end, then, the manufacturer would gain. The repair and servicing problem, which is the average operator's nightmare these days, would be so much simplified by standardizing the majority of parts, that every operator would look around to increase his operations.

By standardizing certain component parts the manufacturers enjoy great savings. They could very easily arrange with certain producers of their present parts for extremely large orders. And in view of the fact that the unit would be used by all makers of the same type machines, ordering in so much larger quantity and producing but one type of unit, the price would become so much more reasonable for the manufacturer.

Once again it must be remembered that not all parts can be standardized. There are certain mechanical and design features which make certain machines individually distinctive. The design of a cabinet itself might require the construction of a unit completely different than in any other similar type machine. Even tho the unit would do the same job that another of different design would be doing in other equipment of like nature.

The trade realizes that not every single little part that goes into the making of a machine can be standardized with parts of other similar type machines. But what can be done is to greatly simplify the repair problem of the average coinman by standardizing the parts most used, and most in need of repair, in the average machine.

From an economy standpoint, which is one thing engineers continually strive for, the standardizing of parts would save a great many thousands of dollars in costs to the manufacturers, and as many times to the operators, jobbers and distributors. Yet, parts would continue to be sold and the profit margin remain the same, even tho the price might be lower.

The suggestion on the part of those coinmen who have been urging the need for standardizing parts in similar type machines, meets with great approval everywhere in the nation.

The trade agrees that this is something which should have been done years ago. For example, the anger of a pin game operator when a leg is broken off his game and he learns that he must have that certain type and style leg and that no other leg will do. Surely the public doesn't care one bit about that leg. Nor is the public putting coin into that pin game to play the leg of the machine.

The average coin machine manufacturer is reported to have advanced probably 50 years or

"The Coin Machines Merry-Go-Round"

more in manufacturing skill because of his war work. He can easily arrange for the standardizing of certain parts which would make construction simpler and speedier for him, and would also cut corners on costs here and there and thereby allow him to get his machines to the market faster and cheaper.

It is the hope of the average operator, and the larger the operator the more anxious he is to see this come about, that the manufacturers will get together and arrange to standardize certain parts of their machines which will bring greater economy and convenience to the trade.

It is surely not the purpose of the average factory to see how many stock piles of parts it can accumulate. Nor does the average manufacturer want to force customers to come to him with each and every little repair requirement. Builders like to sell machines that stay sold. Not see stock piles of old parts gather up in warehouses to later be sold at great loss as scrap.

One noted coinman wrote The Cash Box sometime ago reporting that prior to the war it was necessary for him to rent a complete and additional store simply to storage parts for all the games he was operating.

It is nothing new for the average man in this industry to buy almost as many parts as he buys machines, so that an emergency repair job won't force him to take his machine off the location until the part arrives from the factory. And usually those small parts which are the source of most repair troubles are the very parts that could be standardized and would therefore be interchangeable from one machine to another.

The average mechanic in this industry could prepare a long list of parts which he would recommend for standardization. He is in there battling with most of those units almost every day. He has seen machines lie about in his shop idle while he waited for just one part to arrive from some factory. And usually a part that could have been taken from some old machine—if parts were standard.

The industry needs standardization of parts.

CANADA LOOKS TO POST-WAR

The Canadian coin machine market has become so much a part of the United States, that few, if any coinmen, consider the shipping of merchandise to the Dominion of Canada any different from shipping to some neighboring state.

But Canada still remains little different as far as shipments and sales are concerned than England, France or any other foreign center where coin machines are being used.

For post-war the Canadians do not believe that they will have a large increase in the ranks of their operators, jobbers and distributors. They claim that there is very little room for newcomers for the territory at present is extremely well covered by the trade.

They look forward to the ending of the war with Japan as the time when the Dominion will remove some of the heavy taxes now imposed on the importation of coin operated machines.

The duty at this time amounts to approximately 90%, plus the exchange into American funds, which all shippers require, and which increases this by an additional 10%. In short, Canadian coinmen are paying about 100% over and above the price of the machine they purchase by the time delivery is made to their doors.

All Canadian coinmen hope to see these high rates of duty reduced. But they do not believe that this will happen until sometime well after V-J day. At present the rates of duty on new and used coin operated equipment are as follows:

25% Duty
10% War Tax
%8 Sales Tax
25% Excise Tax

These rates are paid one on top of the other. As is known, tho, prior to Canada entering the war, there was no 10% War Tax and no 25% Excise Tax It is hoped by the Canadian coinman that both of these taxes will be eliminated soon after V-J day.

"The Coin Machines Merry-Go-Round"

Just as in this country, Canadian coinmen eagerly look forward to the new machines which the American manufacturers will produce. There is tremendously good interest in the new phonographs which will be made. Canadians hope that the manufacturers of phonographs will arrange to assemble these in Canada.

Canadian assembly saves about $150.00 to $200.00 on each phono—as against bringing it in as a complete unit from this country. The phono manufacturer who will not assemble in Canada will be at a disadvantage for the prices of the two leading phonos, who now have Canadian assembly organizations, will be sufficiently lower to make sales a problem.

Since August 1944, when Canada lifted the ban on the importation of coin machines, Canada's operators, jobbers and distributors have been buying huge quantities of machines from this country. They haven't been able to buy many of the latest types of phonos because of the unusually high prices being asked for these. When these prices are doubled (by the 100% duty rate) it gives the American coinman some idea of what one of the later model used phonos would cost a Canadian.

Therefore, after the war, when prices are expected to start downward as the new machines come to market, Canadians believe that there will be a market for the later model used phonos for so few of them can be found in the Dominion at this time.

But regardless of this fact, they are still most interested in the new equipment which will be produced, so that tho some Canadian coinmen believe the used market will remain good, others feel that it will continue along on a normal basis with new equipment capturing the lion's share of interest.

Like his American counterpart the Canadian operator has enjoyed a long rest from purchasing equipment. From 1940 to 1944 he couldn't even import a used machine into Canada. Therefore this long surcease from buying equipment of any kind gave him a chance to strengthen himself financially.

But, also like the American operator, the Canadian, too, was faced wtih tremendously increased overhead and therefore, even tho the collections were the best in all their history, this was balanced by the as greatly increased overhead to keep actual profit down to a more or less normal level. Yet, because no new equipment, in fact no equipment of any kind was purchased, he was able to accumulate a good cash reserve.

The leading Canadian coinmen are of the belief that the average Canadian operator is in a good financial position and will be able to purchase the new equipment when it is ready for delivery —for cash.

On the whole, Canada has pretty much escaped the tax bug, the bane of the American operator's existence. Here and there in some territories machines are licensed. But license fees are not exorbitant.

And, just as in the United States, there are territories where nothing but music equipment is being operated. Here the operators are reported to have so well organized their businesses that they have provd phono operating to be very profitable in Canada.

The Canadian coinman realizes that once the new equipment comes to market that the situation thruout the Dominion is in for a change. He feels that the purchase of new machines will once again put him back into the category where he will have to figure on lowered profits while amortizing the cost of the equipment he will buy.

Business generally is very good thruout Canada and the average Canadian business man expects that it will become even better once new consumer goods is being manufactured and sold to the general public. Employment is at peak and will probably remain so. Collections are therefore expected to continue good.

In consensus: the Canadian operator, jobber and distributor can be likened to the American coinman in almost every regard. He is eagerly looking forward to the new machines. He hopes that the majority of the manufacturers will arrange to assemble their products in Canada so that his cost will be reduced. He foresees an increase in the number of coinmen, after the war is well over, but he doesn't believe that the increase will be so great as to revolutionize present operations.

Some Canadian coinmen fear direct selling to their locations. They were faced with this prior to the war in certain territories and hope that there will be no return. But with five very good years under their belts, and with a very sound financial condition to back them up, they face the future with greater confidence than ever—and will, as always, be the best and largest importers of American coin operated equipment.

"TALKING OUT LOUD"

TRADE WANTS CONVENTION TO SHOW NEW PRODUCTS

Leaders Suggest Sometime Between October and January. Want Mfrs. to All Show New Machines at Same Time. Believe This Would be Biggest Buying Meet.

NEW YORK—The entire trade reacted to the great good news of the surrender offer of the Japs with a demand that since most controls would be lifted almost immediately after V-J day, including that of ODT on the holding of conventions, that the manufacturers should immediately arrange to hold the first post-war meet of the industry sometime between October and January '46.

By that time, leaders believe, most new machines will be well under way and the trade will be able to view all the new products assembled in one spot.

Not only will this meet bring together many coinmen who haven't seen each other since the war started, but will, in all probabilities, prove to be the biggest buying convention of all time.

The need for such a meet is very great. It would not only help to bring better understanding of the future plans and products of the manufacturers, but it would also allow the average coinman to be able to prepare himself, as well as his locations, for the new machines.

There are many who believe that the convention should be held in November. These men are of the belief that the manufacturers will be ready to present their new machines by that time.

This request does not leave too much time for the manufacturers to prepare themselves. But with restrictions and curbs lifted by all government agencies before then, this may be possible.

USED MARKET PRICES STILL HOLDING

NEW YORK—Regardless of the tumult which has been caused by the Jap offer to surrender, there hasn't as yet been any real effect of this on the used machines market.

Market prices are still holding up, and from all indications will continue to hold up for some time to come.

The belief is that only a flood of new machines can bring these prices down, and this is not expected for some months to come.

Dealings in used machines continue at good pace and prices will probably go on at present quotations unless some drastic changes affect market conditions.

WPB READY TO RELEASE ALL CURBS

WASHINGTON—Leading reports from this center are to the effect that the War Production Board is completely prepared to release all curbs and restrictions as soon as the word of official V-J day comes thru.

It is understood that some restrictions will continue for about six months after the war is over.

With cutbacks rolling up to many billions of dollars it will prove necessary to release all curbs so that domestic production can get under way immediately to take up the employment slack.

GREATER ROUTE BUYING SEEN AS MANY FORMER COINMEN RUSH TO RETURN TO FIELD

NEW YORK — Reports already reaching here to the effect that many former coinmen are already inquiring about returning to the field.

There is a big demand for routes of all kinds so that these men can get into instant action.

Many of these former coinmen have been engaged in war plants and other essential industry. They now seek to return to the field as soon as they possibly can.

ODT TO ALLOW CONVENTIONS

WASHINGTON—Word from the Office of Defense Transportation is to the effect that restrictions on civilian travel will be lifted as soon as possible after V-J day and that conventions of business men will again be allowed.

ODT is reported to realize that business firms want to get together to help retailing, distributing and general reconversion programs.

FIRST NEW MACHINES READY TO RUSH TO MARKET BUT ONLY SMALL QUANTITIES TO BE SEEN

CHICAGO — Leading coin machine manufacturers here are reported to be ready to rush their first new machines to market.

This is expected within a very, very short period of time as WPB lifts all restrictions.

It is also reliably reported that the first machines will come to market in small quantities and will therefore not be able to cover the tremendous backlog demand which has accumulated during the war years.

Many here are of the belief that the manufacturers will get going as soon as they can start a schedule of materials coming their way.

Some manufacturers, it is believed, may hold back until they have sufficient raw materials on hand to turn out a good quantity.

WLB TO VANISH

WASHINGTON — Latest reports here are to the effect that the War Labor Board is expected to vanish almost immediately after V-J day is officially announced.

Others claim that this may not prove practical. Some may ask that the agency continue on for a short time after V-J day.

But from all present indications WLB is scheduled to go out as soon as possible after V-J.

THRU THE COIN CHUTE

BALLY ENTERS MUSIC FIELD

LICENSED TO MANUFACTURE GABEL PHONO

CHICAGO - Ray Moloney, president of Lion Mfg. Corp., this city, producers of Bally games and venders, startled the industry this past week by announcing that his organization will start delivery of a coin operated phono as soon as materials are available. Early delivery of the Bally Phonograph, Moloney explained, is assured by the fact that The John Gabel Mfg. Co. has granted an exclusive license to Lion Mfg. Corp. to manufacture the Gabel phono mechanism.

"I wish to emphasize," Moloney stated, "that The John Gabel Manufacturing Co. will continue to manufacture the Gabel phonograph for distribution thru Gabel distributors. The fact that the Gabel mechanism will be incorporated in the Bally phonograph simply means that greater numbers of operators will be able to take advantage of the recognized simplicity, sturdiness and superior tonal quality of the Gabel mechanism.

"The Gabel mechanism, which will be built into the Bally Phonograph, is a new, improved model which Gabel engineers completed just prior to the outbreak of the war. This model, which includes many new features desired by operators and designed to increase play is, of course, based on the experience of the Gabel organization in the 42 years during which it has produced successful phonographs.

"Bally engineers have added their contributions to the Bally Phonograph, utilizing their vast pre-war experience in the coin operated field, as well as the war time experience in precision production which has won a three-star Army-Navy "E" flag for the Bally plant. Nationally famous stylists have produced a line of cabinets for the Bally Phonograph which is destined to usher in a new era in brilliance and eye-appeal."

Discussing the licensing of the Gabel mechanism, Bob Gabel, salesmanager of The John Gabel Mfg. Co., reiterated Moloney's statements that the licensing arrangement with Lion Mfg. Corp. will not interfere with the plans of Gabel distributors or those distribs awaiting committments to their applications for distributorships.

"In fact", Gabel stated, "with both Gabel and the Bally plant in production, distributors are assured quick delivery in almost any volume. Just as the superiority of the Gabel mechanism convinced Ray Moloney that the Gabel unit is the right one for the Bally Phonograph, we in the Gabel organization are highly gratified to see the vast production facilities of the Bally plant at the disposal of the hundreds of operators who have long recognized the superiority of the Gabel mechanism."

MFRS MEET THIS WEEK ON CONVENTION

CHICAGO - Dave Gottlieb, president of the C.M.I., met with other manufacturers in the Hotel Sherman this past week and discussions were started as to a general meeting of all manufacturers this week to decide upon a date for the first post-war convention.

There has been a demand (as noted in this issue) from all the trade for an immediate convention. As yet ODT is holding down on very large meets. But it is believed that by November, or surely by January '46, ODT will allow large meetings to be held once again.

The manufacturers, it is reported, are going to try and arrange this first post-war meet for the first week in January. They also believe that they will again be able to hold the convention at the Hotel Sherman, as in former years. The trade is eagerly looking forward to an official statement after this week's meeting from the manufacturers as to just what dates were decided upon.

OPA PRICE EXEMPTION NOW OFFICIAL

WASHINGTON-The The Cash Box made the report this last week regarding the fact that the industry would be exempted from further price control by OPA, this news became official the latter part of this past week.

All those who read the official report were tremendously elated. It included every type of coin operated machine. At the same time this greatly eased the minds of those wholesalers and operators who are preparing to get into immediate action on buying and selling of equipment now that the war is over and men are returing to the industry in large numbers.

THRU THE COIN CHUTE

AL STERN SEES NEW MACHINE DELAY

CHICAGO - Al Stern of World Wide Distributors, this city, reports that it is his belief that those operators who think that they are going to purchase new equipment in any quantity whatsoever within a few weeks, or even by the end of this year, had best change their minds and, instead, take advantage of every open location in their territories with whatever used machines they can buy now.

Al claims that this erroneous belief on the part of many coinmen is halting some from covering important spots in their territories. He believes that the coinman who know what it is all about will realize that regardless of the fact that all restrictions seem to have been lifted, lumber and certain other vital coin machine components continue to remain tight, and will remain tight for sometime to come. He therefore states that no quantity of new equipment can be constructed under these conditions.

Stern urges that the members of the trade take this into serious consideration. He believes that now is the time to cover every single open location in the country in preparation for the time when new equipment will come to market. He stated this past week, "I'm still buying pinballs and slots, and will continue to buy, because I feel confident that when the new equipment does at last arrive the price set-up will be high enough so that a great many will realize the value and importance of used machines. This is the time to buy reconditioned equipment."

JUKE BOXES FOR USE IN VENEZUELA

CARACAS, VENEZUELA - A prominent official of this city believes that he can be instrumental,,in an anonymous fashion, to introduce juke boxes here. He would, at this time, prefer to receive complete information regarding second hand stocks of machines so that he will know how many are available, their prices, and how soon they can be shipped to Venezuela.

AKRON OPS ASSN MAKE JOE ELFANT PRES

AKRON, O. - Operators here have formed themselves into an association to foster good will among members. The organization is reported to be working out very well with almost 98% of the total coinmen in greater Akron as members.

Meetings are held semi-monthly at the present time. Joe Elfant of Bell Novelty Co., this city, is president. He is reported to be doing a marvelous job.

NEW WEEKLY DATE LINE FOR THE CASH BOX

NEW YORK - Beginning with this issue, The Cash Box changes its method of dating. Readers will note that this issue is dated: "WEEK OF AUGUST 20, 1945". This will continue to be the practice from now on in.

The Cash Box will continue to date each week, as it appears, on Monday mornings, so that the trade will have the advantage of the price lists and other material for the exact week of appearance of each issue.

BUCKLEY BILL TO FORE AS CONGRESS MEETS

WASHINGTON - The juke box division of this industry will have to glue its eyes to the House Patents Committee beginning with Sept. 5, when Congress will once again reconvene.

The Charles A. Buckley bill (H.R. 3190) will then again be one of the matters of business before the Patents Committee. It is up to the leaders of the juke box field to make it their business to carefully watch the progress of this bill.

INTRODUCE "MFRS NEW PRODUCTS" PAGE

NEW YORK - The Cash Box again beat the gun with the introduction of its "Manufacturers' New Products" page in "The C.M.I. Blue Book" this past week. This section will not only give prices of all the new games as they are introduced, but will also give a complete description of each machine if sent in by the manufacturer. Description and price will be released as soon as received from the manufacturer, even if in advance of any advertising.

Arrangements are also being made to assure retention of prices to help benefit all distributors and jobbers of new games. This will be announced at a later date.

THRU THE COIN CHUTE

CHICAGO CHATTER

Practically all firms here closed on Wednesday and Thursday and the celebrating that went on was something to really see and remember.....Dick Groetchen closed up for the balance of the week and his employees had a real holiday.....Ken Wilson of Amalgamated Distribs left for N.Y.C. where it is believed he will contact International Mutoscope and perhaps be ready with some announcements when he gets back.....George Jenkins of Bally was the busiest man in town when the news leaked out that Lion Mfg. Corp. has been exclusively licensed by the John Gabel Mfg. Co. to make their mechanism. With the usual Bally styling of cabinets everyone here is really anxious and plenty thrilled to see Ray Moloney in the music biz. The boys look forward to something unequalled from the Lion plant.

Harry Williams is to be congratulated on the very pretentious modern offices and showrooms now completed and ready to display those masterpieces which will soon be coming off the Williams' production line. Those who have visited these modernistic quarters just gasp with astonishment and pronounce them most beautiful in the entire biz.....After many, mony months Oscar Schultz and Irv Ovitz of Automatic Coin Machine & Supply Co. are now at last ready to move into their new and larger quarters. They sure do need the space, they report.....Jack Rooklyn of Sydney, Australia, is still in the U.S. and is expected back in Chi to complete the buying he started when last here before he returns home again.....Frank and Joe Elum of Massillon, O., in town this past week and looking things over.

Morrie Ginsberg of Atlas Novelty Co. back in his office again after a grand vacation in Wisconsin's north woods and promises to remain put for a while to help give Eddie the hand he needs to complete the many plans the firm have in the making as the new products become more imminent.....Roy (Monarch) Bazelon busy with a force of carpenters, etc., preparing to modernize the firm's offices and showrooms and make these the outstanding distrib spot in Chi.....Jackie Rosenfeld (American Amuse. Co.) returns from a highly successful biz trip thruout Missouri.....Frank LaMaskin of Globe Distributing Co. reports that he will soon be ready with a surprise announcement that will please the trade.....Leo Lewis, that ace repairman, already looking for larger quarters and it seems just yesterday that he opened his own distrib spot.

Dave and Nate Gottlieb found hard at work arranging to clear up their display rooms to make way for the first new machines that will be introduced by the firm - and many in the trade looking forward to seeing them, according to reports.....Did the juke box manufacturers meet in Chi and agree to come out all at one and the same time-sometime during the second quarter of '46 (April to June)?.....Gardner & Co. the salesboard mfrs. move into their new home at 2222 S. Michigan Avenue.....Ed W. Pace (Pace Mfg. Co.) is turning his attention to music and may yet surprise the entire trade.....Paul Bennett (The needle man) who seems to have gone into seclusion on coin machines may yet pop with a real surprise for all the trade.....Irv Webb reported to be seeking suitable quarters for his Rockolas.

Harey Marcus Co. are also in the midst of the growing pains and are seeking for a new and larger building to house the many thousands of parts they carry on hand as well as their up to date machine shop.....Gene Bates of H.C. Evans Co. reported to be busier than the one-armed painter these days.....N. L. Nelson of St. Paul, Minn. in town visiting with the mfrs.....Fred Gates of Minneapolis also seen around town this past week looking for buys.....Olla Odom, wife of the late Danny Odom of San Antonio, Tex. in town this past week visiting old acquaintances.....Al Sebring returns from his brief Wisconsin vacation to give Harry Salat a hand at getting ready to move into their new quarters at 2000 N. Oakley where Al reports he will pop with some really outstanding surprises for the trade.

If you can ever get Walter Tratsch of ABT in the mood to talk about his travels you'll have one of the most interesting afternoons of your life. Walter has been all over the world. His travelogue on Egypt is really the most interesting that we have ever yet heard.....Al Storn of World Wide Distribs is one of the busiest distribs in town.....Never can catch this man sitting down for even a moment. The way Al jumped into his own distrib biz is something to really talk about.....Gil Kitt of Empire Coin decided to take it easy during the two day celebration and remained at home regardless of the jam of orders the firm have to get out. Gil claiming that this was one time the buyers would be happy to wait.....And the way the mail and everything else jammed up here Friday few had even time to talk.

THRU THE COIN CHUTE

EASTERN FLASHES

The official news of the Victory over Japan started the coin machines boys on a tear that in many instances carried over into the week-end. However, they will be back ready to go on Monday, and everyone is wondering what the near future holds for the industry.

A controversy has been started over the origination of three handed Gin Rummy. Ed Ravreby contests Willie Blatt's contention that the game originated in Brooklyn, and claims that he brought it to the big city from Boston, and that Mike Munves and Phil Gould were his first players. Ed, by the way, rushes into New York for a few days, and then flies back to Boston, where he claims his Associated Amusements, Inc. is enjoying a phenominal business.....Harry Haskins of Yonkers and Charlie Katz of Metro Distributors engaged in a lively discussion about equipment to come.

Harry Berger, West Side Distributing Co., completing plans to take over a large building, which will have more than 8,000 square feet, in preparation for post-war distribution.....Julius A. Levy, manager of the New York office for Arthur H. DeGrenier, spending most of his time on the road seeing the cig. ops.....Jack Kaufman of Miami, Fla. claims 2 weeks in New York is enough, and heads back home.....Bill Alberg, Brooklyn Amusement Co. eats aspirin tablets like candy.....Jack Rubin, Telaudio Corp., Brooklyn, N.Y. always rushing.

Jack Fitzgibbons, Jafco, Inc., has to keep going full speed these days to keep up with the enthusiastic rush of ops and distribs for his "Roll-A-Ball", the skee ball alley with the barrel. The end of the war had Jack shouting, as his boy Jack, Jr. has been in all the important action in the Pacific for the past year.....Nat Cohn, Modern Music Sales Co., takes a week's vacation.....The Rabkins making arrangements for the Bar Mitzvah of their son Martin...Music Operators Association will run its annual banquet at the Waldorf again, sometime in October.

Mack Postel, Chicago, writes that the cigarette and candy vending machine biz, has spurted.....Bob Greene, Rowe Mfg. Co., Belleville, N.J., attended the funeral of William Rowe in Los Angeles, Calif. (Rowe founded the company, and retired in 1939) .....Ed Hartman and Joe Henkel, Allied Electronics Co., working on new developments in electronics, but will specialize in service for the coin machines trade as always .....Bert Lane, Harry Rosen and Meyer Parkoff, Atlantic Distributing Co. displaying Genco's new amusement game, which they have tentatively named "Big Hit".....Barney Kahn running the factory for F.P. & K., stepping up production of their "Skee Barrel Roll".

There's a location in Philly has a phono playing only classical music, and gets 25¢ per.....Barney (Shugy) Sugerman of Runyon Sales Co., Newark, is getting ready to pop with one of the biggest surprises the trade has ever yet heard. And when he does, Shugy says, we'll be ready to deliver.....That Passaic phono route deal fell thru with the op who wanted to originally buy, but just as the men who bought were ready to give up, in walked another Jersey op and paid almost 25% above the original offer.....Dave Stern, Harry Pearl, Tom Burke and Everett Masterson are talking nothing but that "phonograph of tomorrow", and eagerly look forward to receiving their first sample for display purposes.

Now with gas rationing off, Herman Perin, salesmanager for Runyon, is again planning trips to the smaller towns to meet with many coinmen friends.....DeWitt (Doc)Eaton drove a Cadillac back to Chi after his N.Y. visit.....The news that Bally is going to build a phono featuring the Gabel mechanism had all the boys on Coinrow buzzin' and buzzin'.....Willie Hilberg opens his own jobbing firm in Newark and calls himself Modern Vending Co. of New Jersey.....Harry Steinberg of H & S Vending, Newark busting out with a sale of some good equipment.....Wholesalers here are anxious to have mfrs. make official statements as to when the new machines can be expected. These men claim biz hurt because mfrs. hold back on this very important necessity.

Coinmen here still talking about possibilities of opening town to games as soon as elections are over. These men should investigate deeper.....There are two new arcades opening on Broadway which are expected to outshine anything ever before seen in the nation....Bernie Goodman of Symphonola Music, Hoboken, has just sold out his Greenwich Village business and is now able to devote much more time to his route expansion program. Bernie fell in love with the music biz.....A new phono mfr. is calling in noted juke box ops here to meet with him at one of the most prominent hotels. He may show models of his new equipment.

THRU THE COIN CHUTE

MINNEAPOLIS

Altho Minneapolis and St. Paul didn't have any reports of broken windows in the loop districts - the people went all out 100% to celebrate this grand victory. And the employees of coin machine firms here in the Twin Cities sure were grateful to President Truman for declaring a two day holiday.....Leonard (Cab) Anderson of Hudson, Wisc. who has been engaged in war production work since Pearl Harbor has now left his war plant position to go back into operating again. Good luck, Len.....Operators looking for good apprentices who may develop into excellent servicemen might try the Rehabilitation Dept. of the Veterans' Bureau. It seems that this bureau is anxious to cooperate with the operators and a good system can be worked out.....The take continued on very well regardless of all the news flashes in reference to the Jap surrender. Collections in Western Wisconsin are reported to have dropped off somewhat but this is due to the loss of the bells, consoles, etc. Ops in this territory are looking forward to increased activity in music.

Lou Granite advises us from Chippewa Falls, Wis. that he has just become the very happy Daddy of an 8 lb. bouncing baby girl. (Lots of good luck with your new arrival, Lou.).....Hy-G Amusement Co., here, now have three of their pre-Pearl Harbor employees back on the job and are expecting more to come in any day. There will be a real homecoming celebration when the entire crew returns.....Solly Rose is spending his vacation in northern Minnesota with his wife and his two sons. David and Fred. Hope you get a truly nice rest, Solly.....Bud Harrison is now the proud owner of a fine duplex right next door to his mother's home and reports business is good. He also expects to increase the size of his route.....There has been an increased trend toward remote control music. Most of the ops are putting in wireless and 3 wire boxes. They find the additional cost is more than offset by the extra income.....Lola Karter, St. Paul op, has been carrying on the operation of her husband's route. Chuck has been in France for a long time now and Lola expects him back very, very soon.....Van Middlemas the gonial Bismarck, N.D. op, spent a few days in town looking for servicemen and made a very successful connection which put him in a happy frame of mind.....Help situation in the Twin Cities, by the way, has eased considerably.....Stan Woznak of Bowlus, Minn. also seen in town and planning a 3 day fishing trip with his family.

NEW ORLEANS

Faces we like to see more of: "Smiley" De Bruyne and his very charming wife from Mobile, Ala., who haven't been down this way for a long time new.....That small open trailer seen parked in front of F.A.B. belongs to Philip H. Holmes, Hammond op, who when he hauls a machine to town leaves the trailer parked there while he drives his car elsewhere in the city.....It will not be surprising to us if Al Mendez arrives here from Mexico City with his family next week.....M. B. McCarley, Jr., auditor, spent a few days in Mississippi - attending strictly to business (he says) and Mac sure was glad to get back to town in time for Victory day.....Leon Tremer of Atlanta, Ga. now down in Panama City, Florida.

All French Quarter locations were closed for 24 hours by order of Mayor Maestri but ops who have machines in "The City Care Foregot" will enjoy a grand take from now on as New Orleans resumes her role for gaiety and lives up to this very, very delightful reputation. (You lucky guys).....Fletcher Blalock of FAB in a big business conference with Henry B. Fox, H. A. Mobley of Columbia, Miss., C. E. Sherrill of Hattiesburg, Miss., and E. B. Stewart who travels that territory for Fletch. Joe Villars is reported to have been very deep in this conference and came out with that "big sale" gleam in his eyes.....Incidentally Joe Villars, Mobley and Stewart had a grand time V-J night. After eating a delicious dinner in the well known Maylie's Restaurant - the men were invited by Mr. and Mrs. Maylie to their gorgeous home where they really and truly celebrated the peace - and how.

ROWE MFG CO GETS "E" AWARD

BELLEVILLE, N.J. - Probably the very last Army & Navy "E" Award for excellent war production work was issued this past week, just before the official close of the war, to Rowe Manufacturing Co,, this city, and Clifton, N.J. plants.

Rowe are well known to the cointrade as the manufacturers of cigarette machines and many types of venders. They have been completely engaged in war work since Pearl Harbor.

THRU THE COIN CHUTE

REMEMBER 'WAY BACK WHEN...

Willie (Little Napoloen) Blatt of Supreme Enterprises, Brooklyn, N.Y., climbed up on the tailboard of a truck in front of his little Rogers Avenue Store, stuck his hand out for the cash, and passed down "Ballyhoos" without ever opening the crates or ever seeing them enter his place of business? (That was back in '32 when many a pants presser shelled out $16.50 for the game, and after getting that much back in a day or two, complained about the "high price".....When the O'Toole Indians were first organized and everyone was having his picture taken wrapped up in an Indian blanket with a feather headdress?.....When Felix (Chippy) Maltz was in charge of the East side office just around the corner from the Delancey Street police station and was considered America's number one expert on attaching jackpot fronts?

When two slot ops, Harry Rosen and Irv Sommer, teamed up with a kid that originally came from the old Chelsea Warehouse, Nat Cohn, and what this trio did with two games called, "Jig Saw" and "World Series"?.....When Sportlands and Cranelands were running riot in New York? And how Jack Semel's spot in the Mayfair Theatre Building had to hire Brink's Express to come around each evening?.....When Bud Lieberman, who had operated for Bill Keeney in the Bronx, came down to lower Broadway and started distributing a game called "Five Star Final" by Gottlieb.....And what about that lean, lanky kid who came East in a second hand car with a counter game called "Hearts" and all the time was too bashful to show a pin game he had hidden in his car called, "Jiggers"? Yep, none other than Dave Gensburg of Genco who had just sold off the major share of his Hershey Bar route in Chicago and called in brother Myer from Pittsburgh and both joined forces with brother Lou, who was manufacturing small novelties.

Remember how the boys in the East howled when "Rocket" was introduced?.....When Irv Bromberg, who had been and still was operating slots in Brooklyn, opened up in one window of Hymie Budin's place on Dumont Ave., Brooklyn, with "some sort of a game with nails on it called 'Bingo'"? And look what went on from there. By the way Hymie and his Dad used to operate sunflower seed and peanut machines all over Brooklyn covering their big route with a horse and wagon. In fact, Hymie had his own peanut roaster and all the other peanut ops used to flock over to his place on roasting days, sitting around and playing pinochle until they got their quotas.....Remember when Bill Rabkin had his Mutoscope plant over in New Jersey?.....When Dave Robbins used to pack breath pellets in his jobbing place in Brooklyn?.....When a guy known as Barney Madorsky used to spend it all on dies and tools?

When a young fella named Jack Fitzgibbons used to speed up to Connecticut each day on a motorcycle to service the route of Baby Mutoscopes he operated there?..... When a husy Marine Sergeant, after the last war, operated for a while in Jersey and then opened his own jobbing quarters on Elizabeth Avenue in Newark? Yep, none other than Dave Stern.....And how many recall when Walter Gummersheimer of St. Louis brought that automatic popcorn machine to town and set it up in one of the deluxe suites at the Hotel New Yorker and almost smoked the hotel out of business?.....And how many remember when some very prominent coinmen were told to get themselves the hell out of the Ten Park Avenue Hotel? Jim Gaffney was asst. mgr. of the spot at the time..... Whatever happened to "Oscar" at the New Yorker?"

Ask Art Nyberg of Baltimore about the time he locked a young fella in one of the bathrooms at the Lord Baltimore Hotel and then saw him come walking around the ledge - as calmly as you please.....And while talking with Art Nyberg also ask him what happened to his room at one convention when Hirsh de LaViez of Washington decided to even up the score with him.....Julius (Papa) Pace of New Orleans singing operas at the top of his voice in the Celtic Cafe....The late Harry Wolcher of Seattle tipping the bell hops at the Sherman those big Silver dollars he brought along with him and the boys almost falling on their faces to give him service....When Si and Ben Lazar of Pittsburgh were tobacco jobbers and someone introduced them to the salesboard biz and then to pin games?....When Meyer Wolf was the only recognized "official" jobber in Philadelphia and all the assn. members bought from him at 10% above his cost?

And how many can recall when Jim Stewart was a salesman for B. L. Fry's National cigarette machines?.....When Henry Lemke was a baker in Detroit and operated pin games on the side?.....When Eddie and Morrie Ginsberg of Atlas Novelty, Chi., were partners in building a pin game called "American Beauty"?.....When Lou Koren was a partner in Chicago Coin?.....When Dave Bond of Boston was president of the NADA (National Automatic Distributors Association)?

DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey Compiled by

JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average individual purchase on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. Code: (CA) Capitol; (DE) Decca; (HI) Hit; (VI) Victor; (CO) Columbia; (BB) Bluebird.

NATIONAL COIN MACHINE EXCHANGE

1411-13 DIVERSEY BLVD. (PHONES: BUCKingham 6466-6990) CHICAGO 14, ILL.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
8. MEANS NO PRICES QUOTED FOR PAST FOUR WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active in trading the past week.

NOTICE! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.

AN OPEN LETTER TO AMERICA'S COINMEN

Dear Friends:

We want to take this opportunity to thank each and everyone of you for the marvelous patience you have shown in waiting for us to get your shipment of our sensational barrel-rolling bowling game, *"Roll-A-Ball"*, to you.

As you know, we have been swamped with orders for *"Roll-A-Ball"* from leading distributors, jobbers and operators everywhere in the nation. And more and still more orders continue to pour in every day. Far beyond what we ever originally planned to meet with our first production schedule.

But we are rapidly catching up with all present orders and hope, very soon, to be able to ship any quantity you want almost the same day your order is received. Remember this: we will not ship a single *"Roll-A-Ball"* until we are completely satisfied in every way that the machine is absolutely perfect. All *"Roll-A-Balls"* are triple checked prior to shipment.

If you haven't as yet purchased this sensational barrel-rolling bowling game, *"Roll-A-Ball"*, we suggest you rush us your order for your first sample immediately. Mark your order, "first sample", and we shall see to it that this order is given complete priority. (The price of the *"Roll-A-Ball"* is $349.50 F.O.B. our factory in Poughkeepsie, N. Y.)

Very thankfully yours,

JOHN A. FITZGIBBONS

JAFCO, INC., 776 TENTH AVE., NEW YORK 19 (Phone: COlumbus 5-7996)

Mr. Manufacturer:

During the war period many coin machine distributors were born. We are one of these companies. Backed by many years of coin machine experience, and thru industrious, honest application to serve the industry, we have become recognized as a leading factor in the Metropolitan New York territory.

It is our intention to capitalize on our outstanding reputation in this territory as a distributor for coin machines.

If you are looking for an aggressive, hard-hitting, capable, honorable Organization with substantial financial means to SELL YOUR PRODUCTS, we would appreciate an appointment or shall be willing to travel to your factory.

HARRY BERGER

WEST SIDE DISTRIBUTING CO.

612 TENTH AVENUE (PHONE: CIRCLE 6-7533) NEW YORK CITY

Mr. Manufacturer...

PLEASE REMEMBER THESE FACTS: A year ago the atomic bomb was a theory and a dream. Today, a few days after first being used, it has abruptly ended the most terrible war in history.

A year ago Heath Distributing Company was an idea. Today, it is the name of one of Dixie's foremost coin machine distributors. As atomic power will be a dominant factor in the world of tomorrow; likewise we expect to be a leading sales house in the coin machine industry.

Our business is established. We have the organization and the necessary qualities of: ambition, foresight, integrity and youthfulness to successfully handle your products. Therefore, as the world enters into the most promising sales era ever known, may we suggest that you consider us in your distributing plans for Georgia and the Southeast.

Phone or write for any desired information or references.

PEACE AT LAST

We thank God that the day has arrived when we can once again gather around our family tables with a feeling of security and freedom.

Our hope and prayer is that the men and women of the armed forces, who served our country so faithfully, shall arrive home safely to their families and once again share with us the four freedoms for which they so valiantly fought and which they now so greatly deserve.

ED. AND AL. RAVREBY

THANK THE LORD
WE DON'T HAVE TO PASS THE AMMUNITION
YOURS IN VICTORY
HAROLD PINCUS
COIN MACHINE SERVICE CO. CHICAGO ILLINOIS

HOLD ON
TO YOUR
WAR BONDS

Dear Mr. Operator:

The war is over and Dave thought it was time I told you more about the redecorating job that took place in his building. You know - "the business" - fluorescence, soundproofing, new floor coverings, paneled walls, 87 showrooms, 67 elevators - a service department that is so big you go in one end on Broad Street and come out the other side practically in Camden, N.J. The thing that "got" me, though, is that Red and Yellow awning he's put over the music work table. He says it gets his servicemen in the mood to handle the equipment gently. Well, let's let it go at that - but, take a tip from me, and, if you really want to see something colossal stop in at David Rosen's.

P.S. I like my job so I'd better tell you that Dave's got Pins, Music, and Arcade Equipment just waiting for you to pick up. Of course, you'll have to pay for it! After all, Dave had to pay for that awning, too!

DAVID ROSEN

855 NORTH BROAD ST. PHONE: STEVENSON 2258-9 PHILADELPHIA 23, PA.

MUSIC OPERATORS

WHISPERINGS

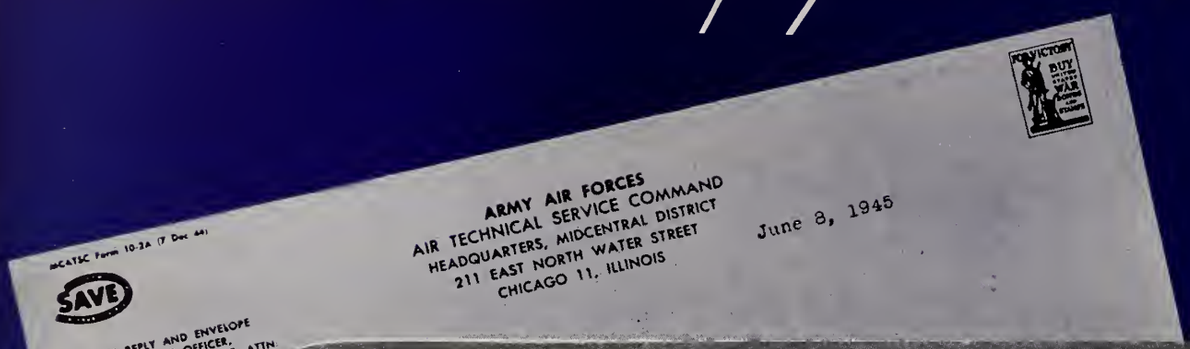
have been heard recently in the industry about a sensationally unique and more profitable Automatic Electric Phonograph.

Yes–these whisperings are TRUE. The technologial advancement in Electronics, Hydraulics and Audio Reproduction combined with war time experience in precision manufacturing has produced the maximum in earning power FOR YOU.

KEEP YOUR EYES FOCUSED TO THIS PAGE

Bally

receives another highly coveted award



The U. S. Army Air Forces has recognized the efficiency of men and women at the Bally plant by awarding the new Approved Quality Control Rating . . . official A.A.F. expression of confidence.

The same high quality control that has won praise from the A.A.F. will be maintained in the manufacture of post-war Bally games and venders . . . assurance that Bally equipment will be correct in every detail to eliminate costly, time-consuming service calls. Smooth-operating Bally games and venders will be the greatest money-makers ever produced in the history of coin-operated equipment.
